September 2018

Dear Parent/Guardian of a Metuchen Student:

We are pleased to announce that during the 2018-2019 school year, your child(ren) will be covered by Accident Medical Insurance during school hours or while they are engaged in any school sponsored and supervised activity at no cost to your family. Please be advised that this coverage is provided on a "full-excess" basis. This means that claims must be submitted first to your family's own health insurance carrier.

Should you wish to purchase any additional coverage beyond what is provided by the Board, please visit www.Bollingerschools.com/metuchen. You will find information about your options to purchase 24-hour Round the Clock coverage, Dental Accident Insurance, and/or Student Life Insurance all at an additional cost to you.

Claim forms will be given to any student who is injured during a school-related activity. Parents who have purchased the 24-hour Plan for their children should contact Bollinger directly for injuries that occur during non-school sponsored activities.

Sincerely,

Michael Harvier
Business Administrator/Board Secretary
